MARSHALL JOINS KIDNAPERS' PLOT HIS FORMER CHIEF EXPOSED AT L. A.

EXPIRES SUDDENLY IN BED
WHILE READING BIBLE

FORMER VICE-PRESIDENT
HEART ATTACK VICTIM

President and Mrs. Coolidge First to
Call on Bereaved Widow—High
Officials Pay Tribute to His
Memory.

Washington.—Thomas Riley Marshall, former vice-president and one-time governor of Indiana, died suddenly Monday morning in the apartment in the Willard hotel, which was his home during the eight years of the Wilson administration. Death was due to a heart attack suffered following his arrival here with Mrs. Marshall a week ago, but from which he had apparently recovered.

Marshall awoke in the morning feeling very much better and commented cheerfully to Mrs. Marshall on the improvement in his condition. He had eaten his breakfast and was sitting up in bed reading his morning chapter in the Bible while his nurse massaged his shoulders, when he suddenly laid the book aside, opened at the fourth chapter of Mark, removed his glasses, and then, as the nurse bent over him, his head dropped forward and he fell back against his pillows. The nurse called to Mrs. Marshall, who was in an adjoining room, but before she could reach his side Marshall was dead.

Mrs. Marshall collapsed, but rallied and was able to receive President and Mrs. Coolidge when they called to express the grief felt by official Washington at the death of the former vice-president, who was one of the most widely popular and best loved men who ever filled that office.

Many tributes to the memory of the war-time vice-president were voiced by highest government officials as the news of his death had been carried through the capital.

Many Californians will recall the appearance of the vice-president, who was the center of attraction at the Panama-Pacific international exposition on March 23, 1915. He was sent as the representative of President Wilson to dedicate the exposition.

During his stay in San Francisco the vice-president and his party were given many receptions and entertainments. Through all of these he maintained his unassuming manner, passing off most references to his position with dry quips, for which he was famous.

Significance was added to the reception of the party, as it was said to be the first time in history that a vice-president's flag had been flown from a battleship.

"This is the first time in history that a vice-president ever has been recognized and appreciated," remarked Marshall, as his attention was called to the banner at the masthead.

His last visit to California was paid in June, 1920, when he attended the Democratic national convention at San Francisco. At this time he was mentioned as a "mild" candidate for president, but declined to run.

FIVE ARE NAMED IN PLOT
TO LOOT SOUTHERN BANKS

Los Angeles.—Revelations of an alleged plot to feloniously obtain control of half a dozen banks in and around Los Angeles and one in Oregon and then loot the coffers of depositors' money were alleged by the United States district attorney's office as the sequel of the filing of five complaints in federal district court against Irvin Jordan, Los Angeles real estate owner and former vice-president of the Pasadena National bank; Frank D. Patty, another former vice-president of the Pasadena bank, and James E. McEniry, vice-president of the Corona National bank.

One of the financial institutions in the alleged scheme went to the wall with an estimated loss of from \$60,000 to \$80,000, when it failed to open its doors June 1, and Chief National Bank Examiner Thomas E. Hughes and Bank Examiner W. C. Evans of Los Angeles were placed in charge.

Amundsen Hope Abandoned

Paris.—The Petit Parisien publishes a dispatch from the mother ship Farm, which declares that hope has been abandoned for the return of Roald Amundsen to Spitzbergen without assistance. It is believed that the airplanes of the Amundsen-Ellsworth polar expedition have been disabled, according to this dispatch, and that the party is returning on foot to Cape Columbia. The mother ships Farm and Hobby, now off Spitzbergen, are ready to begin the patrol of ice fields.

UNDERWORLD'S AMBITIOUS PLAN
NIPPED BY POLICE

TO ASK \$200,000 RANSOM
FOR MARY PICKFORD

Plotter Confesses Contemplated Seizure of Notables in Movie World—Doheny Grandchildren Included in Gangsters' Schemes.

Los Angeles.—The three suspects in the Mary Pickford kidnapping conspiracy case have confessed.

Complete confessions, giving the inside story of the amazing plot to hold Miss Pickford for a ransom of \$200,000 and other plans for kidnapping the grandchildren of Edward L. Doheny, oil magnate, and Jackie Coogan, were obtained by Chief of Detectives Home.

From the "Spring street" gang, almost two weeks ago, came the tip to Captain Home that resulted in the arrest of the suspects.

Miss Pickford was to be the first victim of the kidnapers.

She was to be forced from her automobile while on her way from the Pickford-Fairbanks studio in Hollywood to her Beverly Hills home.

The Pickford chauffeur was to be sandbagged and Miss Pickford removed from the automobile. A demand for \$100,000 was to be made by the kidnapers, following the abduction, to be followed by larger demands as the search spread.

E. L. Doheny's grandson, according to the police, was to be seized by the gang the day after the Pickford kidnapping had been accomplished, and if the plans of the gang went well, Buster Keaton, famous film funny man, and Pola Negri were also to be kidnaped.

Acting under the direction, and at most times in company with Captain Home, detectives shadowed the asserted ringleaders of the underworld gang for three weeks. The men were kept under constant watch and for days and nights none of the three officers went to their homes or obtained any sleep.

Detectives announced that the plans of the kidnapers had been to disguise themselves as visiting Shriners and to operate with a huge, high-powered automobile hung with Shrine colors.

The automobile was to visit the Pickford studio to look over the grounds. It was to remain there until Miss Pickford left for her home, and then the star's machine was to be stopped at the business end of the driveway, the driver knocked unconscious and Miss Pickford abducted.

From what could be learned, the kidnapers planned to rent a house in Tujunga canyon and to take Miss Pickford and all other victims to the house and hold them there until ransom had been collected.

VOLUNTEERS READY TO ACT
AS SHANGHAI RIOTING GROWS

Shanghai.—Martial law has been declared and foreign consuls have asked that additional warships be sent to protect Shanghai, following critical developments in the rioting that grew out of native labor and student agitation. Foreign resident volunteers, including Americans, have been called out to help preserve order. A number of foreign warships are reported to be speeding toward this port, following the summons from the consuls. Fifteen persons have been killed in the rioting and sixty wounded. Four more persons, all of them Chinese, were killed when anti-foreign demonstrations were resumed Monday afternoon. The Chinese have declared a general strike, which is spreading.

Evolution Issue Touched

Washington.—In declaring the Oregon school law unconstitutional, the supreme court may have knocked the foundation from the Tennessee statute banning the teaching of evolution in public schools, which is expected to come before it later, in the case of John T. Scopes, high school professor, indicted for expounding the Darwinian theory. In the Oregon case, the court held that the state cannot force all children to go to public schools. The state's power in fixing the curriculum of public schools is the stake in the Tennessee case.

Shriners Take Los Angeles

Los Angeles.—The final border of an invading army of 200,000 Shriners passed through the gates of Mecca June 1. Bands blared and trumpets sounded as the triumphant nobles invaded the cinema capital and pitched camp at the annual oasis. Imperial Potentate James E. Chandler and scores of caravans from the east had reached the end of their transcontinental trek.

COUNTY WOMAN'S CLUB ENJOYS TALK

Following a year's study of the United States Constitution, the departments of government and some modern legislation, the Country Woman's Club enjoyed as a very fitting close, a talk on Internationalism by Miss Emily Cohen, president of the Los Gatos History Club.

Miss Cohen introduced her subject by stating that her club did not use as a subject "International Relations" for immediately many people concluded that it was a matter of political relations and conditions, where as they study the art, music, literature and history of other countries as well as political and economic conditions.

The great hindrances to understanding between nations are "Ignorance, Indifference and Intolerance." Only thru understanding can these obstacles be removed and understanding comes thru education. Indifference is chiefly the result of ignorance and intolerance is the product of both. Study of the nations of the world should be made with the purpose of finding their good qualities, things in each which we could emulate, and to see wherein our country is at fault in its relations with or attitude toward them.

The "International Mind" can see the best in each country.

The speaker then gave a brief review of the history of efforts for Peace. Wm. Penn was the first to really advocate a World Parliament. The United States originated the settlement of difficulties by arbitration and in such a way the boundary between the United States and Canada was settled and the abolishment of forts and armed forces on the borders arranged.

A very comprehensive statement of the working of the League of Nations was given. This is not a perfect organization but is the first international organization where the nations can get together around a common table and talk over conditions and relations. It now includes 56 nations. It is not only interested in wars but has many departments and conferences for the betterment of health conditions, sanitation, traffic in women and girls, etc., many and varied. Probably thru its conferences the greatest good will be accomplished as here the nations can work together without fear or favor and eventually a fuller understanding of each other will result.

Miss Cohen gave her unqualified approval of the World Court, and said that many millions of Americans are back of it but it is not yet quite clear where the fault lies that it is not perfected but a few men seem to be holding up our participation. She advocated a change in the teaching of history in schools—that the truth be taught, whether it was to the credit of a country or not. Only so can nations ever come to have the right attitude toward each other.

At the opening of the program the club united in singing "America, the Beautiful," led by Mrs. Ralph Hyde, with Mrs. F. V. Perrot at the piano and following the speaker, Mrs. Wilbur Camp, of Mountain View, played two charming violin numbers, "The Serenade" by Enrico Toselli and a transcription for the violin by Kreisler of "The World is Waiting for the Sunrise."

Punch and wafers were served by the committee during a brief social hour.

Geo. E. Atkinson was in Campbell Tuesday for a short time. He had brought his daughter, Miss Calista, back to San Jose, where she is attending State Teachers College. Friends will be pleased to hear that "Callie" has been elected to a desirable position in a three-teacher school near Ceres so that she can stay at home. Bryce is spending the summer at Yosemite, where he has work for the season. Next year he will be a senior at U. C.

P. T. A. IN FINAL YEAR SESSION

This being the last meeting over which Mrs. S. N. Hedegard, the retiring president, was to preside, she was presented with a beautiful mixed bouquet, the presentation being made in suitable words by Mrs. Collins. Mrs. Hedegard has spent two years as president in never ceasing and untiring efforts to do everything possible to make the P. T. A. do many big things in a big way. They have been two years of harmoniously conducted meetings with the greatest degree of co-operation and good feeling. Mrs. Hedegard was given a rising vote of thanks to show the appreciation felt for her faithful services. Mrs. I. Grim, the retiring secretary was then presented with a dainty bouquet of pansies by Mrs. McCoy.

About twenty-five Boy Scouts took their oath under the direction of their scout master Mr. Savecker and County Representative, Mr. White. The latter then spoke briefly of the boy scout order 700,000 strong, of the honors obtainable by keen effort, and of the splendid camp that all the local scouts can make use of for a very nominal fee. He said we had a very worthy scout master with whom any mother could trust her boy.

It was decided to give a food sale with the co-operation of the teachers next Saturday, June 6. As the treasury is quite low and the new year should be started with some reserve a generous donation on the part of the community will be appreciated. A prize of a treat for the kiddies will be given to the room bringing the greatest number of articles.

Mrs. Schuyler, the new president, gave a detailed and very interesting report of the state convention at Fresno which she attended as a delegate of this P. T. A. She brought home all the really good and worthwhile things from all the speakers for the four days of the convention and made us all wish we had been there.

Mrs. McCoy briefly reported the Foothill Federation meeting at Saratoga, urging all committee chairmen to report monthly to their next higher officer that Campbell might get full credit for all the big and good things she does.

Delicious cake and coffee were served in the cafeteria. If any doubt that there are a great many fine cake bakers in the P. T. A. they should come to the meetings to be convinced that there are.

The following committee chairmen were appointed for the new year by Mrs. Schuyler.

Corresponding secretary—Mrs. G. Stallman.

Americanization—Mrs. A. Keesling.

Home—Mrs. C. Davidson.

Public Welfare and Legislation—Mrs. A. Wood.

Child Hygiene—Mrs. O. Weiss.

Membership—Mrs. F. Rego.

Better Films—Miss Dunlap.

Finance—Mrs. G. Husted.

Social—Mrs. H. Barnes.

A party of picnic enthusiasts enjoyed an outing in Paradise Valley Saturday. Among those present were the families of S. G. Rodeck, D. H. Cramer, Hattie Baugh, E. R. Kennedy, and S. L. Hays, Mrs. M. J. Palmer, Mrs. O. H. Weiss, Miss Jenkins, Miss Darrow, Miss West, Miss Gardner, Mr. John Church, Mr. Wegel and Mr. M. J. Bohnett. As the party assembled for the big dinner Miss Janice Baugh and Mr. Bohnett were surprised with a handkerchief shower.

COUNTY CONSOLIDATED HOLDS SESSION AT CAMPBELL COMMUNITY HALL

Big County Sanitation Project Launched
Proves Progressive Policy of Body

Campbell was host to the Santa Clara County Consolidated at its regular meeting Tuesday noon.

The session was held at the community hall where the large delegation was served to a very delightful luncheon by a committee of the Country Woman's Club.

Wendell C. Thomas presided. A most cordial welcome was extended all those present by C. H. Whitman, president of Campbell Chamber of Commerce, in which he gave a few pointed facts as to the big business done in our town.

Dr. W. I. Merrill introduced the subject of an adequate sewage system for the county towns which created much interest among those present. There are already several towns facing a problem of sewerage that is well high unsolvable as individual sections and completed would soon

become inadequate for the constantly increasing population. After several present had discussed the matter on motion the president appointed C. H. Whitman, Dr. W. I. Merrill, Paul Curtis, of Los Gatos, W. B. Weston, of Santa Clara, W. M. Denhart, of Los Altos, and Dr. Chas. Wayland, of San Jose, a committee to consider the big problem and report at the next session.

On motion the chairman appointed a committee, Mrs. L. N. Scott and F. H. Gardner, of Saratoga, and G. E. Farley, to make arrangements for the next meeting of the Consolidated to be held in Big Basin July 14 and invite the cooperation and attendance of the supervisors and Chamber of Commerce of Santa Cruz. This is done with the view of closer cooperation between the counties for mutual benefit.

Supervisors Al Hubbard and John Roll were present and assured the session of their cooperation in the Consolidated's good work as far as it was possible for them to do. They assured the Gilroy delegation of the completion of Bodfish road as soon as Santa Cruz County Dads do their part of the road.

Mr. Smiley, of Los Gatos, spoke of the coming pageant, June 26 and 27 and urged a wide publicity for this big drawing card for the valley.

President Thomas asked the support of the Consolidated for the movement to improve Alum Rock Park which is being made by the service clubs of San Jose. On motion the movement was heartily endorsed.

A committee of F. D. Cornell, of Sunnyvale, Ray Smith, of Palo Alto, T. H. Miller, of Morgan Hill, E. D. Smiley, of Los Gatos, and Wendell Thomas, of the county, was selected to consider a gigantic advertising scheme for northern California. The proposition was presented by Mr. Kinkead, of the Chronicle, which is sponsor for a combined film, radio and rotogravure campaign.

This meeting was probably one of the best attended since its institution. The following were present:

Campbell—C. H. Whitman, president of the Chamber of Commerce; G. E. Farley, secretary; H. C. Smith, Mrs. H. C. Smith, A. A. Purmort, B. O. Curry, L. M. Beall, Andrew Larsen, I. R. Abbott, Dr. Walter I. Merrill, E. R. Kenned, D. H. Cramer, H. W. Morton, C. H. Moore, T. A. Cutting, George S. Robson, L. S. Miller, E. C. Merrill, C. W. Shumway, Horace Lee, E. E. Sower, George L. Marsh, Charles Berry, S. N. Hedegard, S. G. Rodeck, Ralston Allison, Palo Alto—Ray W. Smith, secretary of the Chamber of Commerce and of Santa Clara County Consolidated. Saratoga—Mrs. L. N. Scott, president of the Improvement association, and Fred H. Gardner, secretary. Santa Clara—W. B. Weston, secretary of the Chamber of Commerce; John Roll, county supervisor; Mrs. C. C. Woodward. Morgan Hill—T. H. Miller, president of the Chamber of Commerce. Gilroy—Cecil Carlyle, president of the Chamber of Commerce. Los Altos—Thomas D. Landels, president of the Los Altos club. Mountain View—Claude E. Redwine, Los Gatos—E. F. Smiley, vice-president and acting secretary. San Jose—Wendell C. Thomas, president of Santa Clara County Consolidated and managing director of the San Jose Chamber of Commerce; Fred Lewis Foster, director of publicity; Fred Cairns, county publicity department; A. L. Hubbard, county supervisor. Also D. C. Kinkead and T. T. Jacobsen, representing the San Francisco Chronicle.

MEMORIAL SERVICE

Miss Mary Rodeck, who was the leader of Epworth League Sunday evening, assisted by several co-workers, arranged a most interesting memorial service in memory of Miss Mary Lewis, one of Campbell's foremost women who passed away five years ago.

Hymn 419, "One More Day's Work; hymn 612, "Jerusalem the Golden"; Purpose and Why, Psalms 20 and 23; Hymn 497, "Prayer Is Soul's Sincere Desire," Prayer by Mr. Farr.

Life of Miss Lewis by Mrs. Larsen and Mrs. Blaine. Special Music.

Work of Miss Lewis in League by Mrs. Kennedy.

Letter from Rev. Lloyd.

Hymn 582, "How Blest the Righteous when He Dies."

Work of Miss Lewis in Club and Library, Mrs. Ellen R. Smith.

Hymn 388, "A Charge to Keep I Have."

Rev. Geo. Marsh, who was present, made a few remarks of the Christian character of Miss Lewis as he knew her.

ARRIVED FROM ENGLAND

Dr. T. G. Ainsley and daughter, Miss Joan Ainsley, of West Hartlepool, England, arrived last Wednesday and are visiting with Mr. and Mrs. Perrot and Mr. and J. C. Ainsley. Dr. Ainsley will spend six weeks here, but Miss Joan will remain for six months with her sister.

Word was received here that the Pacific Gas and Electric company has purchased additional land for the expansion of its local substation facilities. The property is located at the intersection of Hamilton avenue and Central avenue and completes the company's ownership in lots twenty-four and twenty-five of the L. H. Sly subdivision.

NEIGHBOR'S WHIST CLUB

The beautiful new home of Mr. and Mrs. Henry Young on Budd avenue, was the setting for their final meeting of the season of the Neighbors' Whist Club, May 29. After the usual games of progressive whist had been played, dainty refreshments of ice cream and cakes were served by the hostess, Mrs. Young and daughter, Mrs. Sanders.

Those present were: Mr. and Mrs. C. H. Davidson and daughter, Mr. and Mrs. L. B. Davidson, Mr. and Mrs. Henry Young, Mr. and Mrs. David Saunders, Mr. and Mrs. J. Miles Standish, Mr. and Mrs. J. Swanson and daughters, Mr. and Mrs. J. K. Late, and Mr. and Mrs. E. F. Pope and sons.

THE GOOD OLD DAYS

The "good old days" are in our hearts, not on the calendar. The good old days are now. Distance, time and memory have lent a false enchantment to our view. There never was a better time than now unless we think otherwise. If modern invention, science, art, literature, efficiency and cooperative effort have not served and do not now serve to make these days the best days the world has seen thus far, then all our aspirations have been for naught and ambition may be cast aside for the morality and learning of least resistance.

If wars, saloons, wild-westiness, coal oil lamps, uninspected meats, unpasteurized milk, strangling competition, wud roads, hand-cranked flivvers and one-dollar-a-day labor were the good old days, then the advocates of modernism are laboring under a gross misconception. The good new days are far preferable to the bad old ones.

FREEDOM OF THE PRESS VINDICATED.

The U. S. Supreme Court has decided that newspapers have a right to publish the names of income tax payers and the amount of taxes paid. This sounds like one of the most sensible decisions of years. When taxation is so vital to our national welfare, it is hard to explain to the common run of us why the income tax payer should be protected by secrecy of the amount he hands over to Uncle Sam. A public record is a record to be made public at the will of the humblest citizen under proper conditions. Besides, the freedom of the press is a bulwark of civilization. This income tax decision is a healthful tonic for the nation, an indication that our freedom is not yet denied, and a reminder that the highest court in the land has not overlooked the Constitution of the United States.

A TRADE AT HOME FABLE

Once upon a time there was a certain woman in Smallville who complained that a certain article of merchandise cost a few cents more from the home merchant than from the merchant in Bigtown. Whereupon the woan went to Bigtown to make certain purchases.

She found that while she had saved a few cents here and there, she had lost many dollars through more expensive purchases, and came home sadder and poorer, but wiser. What with transportation expense, innocent but costly temptations—the little things—which are held out for the gullible, had she left whereupon to base any claim for trading away?

So it now happens that this good woman trades at home where she can get right down to genuine values and close business contact with the home merchant on such matters as refunds, exchanges, tryons, guarantees and repairs, besides the convenience of charge accounts and extension of credit whenever justified and wherever worthy; and plus all this, home pride and community spirit.

NEITHER FAME NOR FORTUNE

The California state labor bureau has ruled that men are entitled to as much money per day as women and girls when working as extras in the movies. The men were getting \$3 per day while the girls were pulling down \$3.50. Enormous wages! And even at that, thousands of young and near-young people are flocking to Hollywood from all over the country hoping to "get into the movies." If they only knew it—these boys and girls—they could accomplish for more by handling the plow and the broom "back home" than in wielding a club in a mob scene. The percentage who get to be high-salaried stars is too small to take the chance.

NUMBER OF AD READERS GROWNIG

Not much is left of the old expression that the ads were tiresome reading. Perhaps they may have been, in the days before they came to reflect the business spirit of the hour, and to be—to all people who take a real interest in life as it is lived in this city—a never exhausted source of "opportunity news."

In these days the ads are the keys of things. They give us clues, hints, facts that appeal to our selfish interests.

They repay our attention in money—money saved in purchases; money made in ventures. They are a non-negligible factor in life as we live it—in business as we transact it. They are not dull—unless life itself is dull, and it is not.

BEATING OUR SHIPS INTO FLIVVERS

Henry Ford says he wants to buy several hundred ships from the U. S. government, melt them up and make flivvers out of them. A laudable ambition so far as it goes. The crafts of war are to be turned into the arts of peace. Beating swords into plowshares contributes directly to production, while melting ships into automobiles savors more of consumption. However, it may be said that the automobile makes its contribution to world progress indirectly because, as Henry says, in an exclusive interview with the United Press, people "get to travel and mingle with other people; in that way they become educated."

Ray Hicks, formerly in the County Y service here, now one of the faculty of Nevada University, was a visitor in Campbell Monday. He will spend the summer in this part of the state.

Mr. and Mrs. C. E. Berry, who had planned to visit England this summer, have been obliged to forego the trip this summer owing to difficulty in securing passports, and instead, will go thru the Panama Canal.

Mr. and Mrs. W. C. Bohnett were hosts at an informal dancing party Wednesday evening in honor of Miss Joan Ainsley who last week arrived from England. Following the dancing dainty refreshments were served.

On Thursday evening of last week Mr. and Mrs. I. R. Abbott entertained the faculty of the Campbell Grammar School at their home on Winchester Road. Mah Jongg and cards furnished the diversion, followed by a service of dainty refreshments.

VARIED PROGRAM AT CLUB MEETING

The following delightful program was enjoyed by the members and guests of the Pundita Circle at their picnic at the B. O. Curry home, mention of which was made in last week's issue.

Piano solo, Miss Katherine Wood—"Prelude from First Modern Suite" (Maddowell); "The Old Refrain" (Kreisler); "Fairy Tale" (Roff); "Dainty March" (Poldini).

Whistling solos, Wilrose F. Watrous; "O Sole Mio," "Glow Worm," "Skating Waltz," accompanied by Miss Loueva De-Meza.

Vocal solos, L. J. Carboni, accompanied by Mrs. Carboni, "The Sentinel" by Watson, and "Sylvia" by Olie Specks.

Vocal solos, Miss Helen Kalas, accompanied by Miss Katherine Wood, "Serenade" (Gena Branscomb); "O Heart of Mine" (Clough Leichter).

Miss Anna Shulte gave two readings, the first a beautiful rendition of "An Order for a Portrait," and the second a humorous monologue acted in costume.

A unique feature was the presentation of an original skit, "The Rehearsal" in which dialogue, songs and dances are successfully combined. It is the work of Miss Florence B. Williams, who assumes the character of Pierrot, and Miss Vivian Rhoades, who takes the part of Pierrette, and was staged in the garden.

This organization is fortunate in having such varied talent among its members and their families and they enjoy many very pleasant social affairs.

HUNTER-IRVING

Next Tuesday evening, June 9, at 8 o'clock at St. Luke's church in Los Gatos, the wedding of Miss Elizabeth Hunter and Mr. Laurence Irving will be solemnized.

Miss Hunter is the daughter of Mrs. Robert Johnson, of Kennedy Road and Ferris Ave., Los Gatos, and is an alumna of the Campbell Union High School, where she was a very popular student. She was at one time an intimate friend of Miss Evelyn Henry and an attendant of the Congregational church.

Following her graduation she attended the State University of Nevada, and is a member of Pi Beta Phi sorority.

The groom is one of the Stanford faculty in the biology department. Following their wedding Mr. and Mrs. Irving will spend a year in Europe.

GRAM. SCHOOL NOTES

The Campbell Eighth Grades held a paper drive last week. The estimate of last week was made before the paper had been weighed and it was found that they had collected about seven tons. They made \$70.

The Quarterly County Examination came the first three days of this week. They are for the fourth quarter and the last for the year.

The High Eighth Grade had a Hot Dog Sale this week and sold two hundred weinies and made \$14.

Miss Fablinger's class, room fourteen, got the prize for the attendance at P. T. A.

Friday, June 12, the Campbell Union Grammar School will keep "open house." Class room exercises will be conducted as usual, but parents and any interested in the work and progress of the children are cordially invited to visit the various rooms and inspect exhibits of the different lines of work prepared by the students. The exhibits will be on display in the cafeteria, corridors and different class rooms.

Mr. and Mrs. W. H. Stray and daughter, Helen, camped at Boulder Creek over the holiday. Mr. Stray has purchased a lot there and plans to build a cottage.

The Country Woman's Club will hold its annual picnic June 15, at Winchester Park. Mrs. W. T. Morton, chairman, will announce further details in next week's paper and by phone. Arrangements will be made for those having no means of transportation.

ORATORICAL CONTEST FINALS TONIGHT

As the National Intercollegiate
Oratorical Contest on the Con-
stitution inaugurated by the Bet-
ter American Federation draws
to a close, the results are most
gratifying.

The Inter-High School Orator-
ical Contest on the Constitution
aroused such nationwide enthu-
siasm that President Coolidge de-
scribed it as a National endorse-
ment of the principles of ordered
government, Constitutional pro-
cedure, sanctity of the Courts,
the rule of law, the security of
property and sacredness of human
rights. The enumeration of
these six great principles is al-
most a paraphrase of the six pur-
poses declared in the Preamble
of the Constitution. They form a
wonderful foundation upon
which, year after year, to deepen
general appreciation of the values
of our government, through a
clearer concept of its Basic Law.

The very fact that the National
Student Body not only of our
High Schools but of the Colleges
and Universities has been given
a new and concentrated incentive
to study our system of govern-
ment as it has never been studied
before, gives assurance that a
popular and effective way has
been adopted to bring about a
more intelligent understanding
of our institutions on the part of
millions.

The successful contestants
will compete for the National
championship in the Philharmonic
Auditorium, Los Angeles, this
Friday evening, June 5th. Appli-
cations for reservations have
come by thousands. The interest
in this particular event thus
shown fulfills the support its
sponsors anticipated.

A banquet will be given at the
Biltmore Hotel in Los Angeles
tomorrow evening in honor of
these contestants and the three
awarded highest high school
honors and Judge R. E. L. Sauer,
who presides at the finals tonight.

Historic Spot

On learning that Middleton hall,
in Middleton, Lancashire, England,
with its 3,650 acres, is soon to be
sold, some doubtless will recall a
few of the many incidents and
points of interest connected with
this region. For its records go back
to well before the Norman conquest
in 1066. The chapel, for example,
which is of particularly great anti-
quity, includes a hiding place for
priests! Then Queen Elizabeth was
a visitor at Middleton for a week,
and during those seven days, "sixty-
nine beeves, 128 sheep and over
2,000 chickens with other food in
proportion were consumed." Com-
ing down to more modern times, it
is only sixty or seventy years since
the old moat was done away with!

English Bothers Japanese

Twenty-two Japanese students
are in London endeavoring to learn
how to pronounce English. Lloyd
James, the phonetician, declares
that a Japanese finds it impossible
to say "judge." He really says
"dzuzz" because the English sound
does not exist in his own language,
says the London Mail.

"The foreigners during their stay
here will be submitted to a sys-
tematic course of ear-training exer-
cises, the object being to teach them
to hear English speech sounds," he
said. "Most Japanese students in
their early stages completely fail to
hear any difference between 'play'
and 'pray,' or between 'fleas' and
'freeze.'"

Plenty for Her

When little Harriet had eaten
out it was generally in the cafe at
Universal City. Hence her first ex-
perience in a downtown cafeteria
was replete with thrills. She seemed
a little surprised when she first en-
tered but at sight of the long coun-
ters piled with food she heaved an
audible sigh of relief.

"Well, mother," she said, "I guess
they were expecting company any-
way, don't you?"—Los Angeles
Times.

Bold French Thieves

A complaint filed with the Paris
police by Mme. Cabert said that her
whole house had been stolen. Mme.
Cabert stated that she had built a
small house of wood in the Rue de
la Salpetriere. She was called
away to visit a dying aunt and when
she returned the house had disap-
peared.

D. Sawyer.

Mr. Whitman and Mrs. Ethel

REAL SPANISH MUSIC FOR ANNUAL PAGEANT

One of the most interesting features
of the Eighth Annual Pageant at Los
Gatos on Friday and Saturday, June
26 and 27, is the real Spanish music
played by the mandolin and guitar
club, called Los Guitarreros.

Los Guitarreros is composed of
about 35 musicians, who banded them-
selves together right after the Pageant
last year in order to be able to give
music with the proper atmosphere for
the wonderful story of this year's Pa-
geant, "La Favorita de Los Gatos."
Among the celebrated artists who
will play for the Pageant are Wilbur
Hall, the author; Ruth Comfort
Mitchell, author and poet; her husband,
Senator Sanborn Young; Charles and
Kathleen Norris, authors, who have
just returned from an extended
European trip in order to assist in the
Pageant.

Rehearsals have been faithfully at-
tended and have been held weekly
under the capable leadership of the Di-
rector, Austin Soper. It is seldom that
such devotion and talent are manifest-
ed by so large a group of public
spirited citizens as has been shown by
Los Guitarreros. They saw just that
need of the old atmosphere music,
the lifting captivating tones which
can only be rendered by the old string-
ed instruments, and have faithfully
labored to fill it.

Under those soft California skies,
with the wonderful natural beauty of
our outdoor theatre, thousands will be
lost in the beauty and spell of "La
Favorita de Los Gatos" and will live
again the captivating life of that early
time when California was swayed by
the influence and pomp of Spanish
royalty.

Un-superstitious pedestrians often do this

—Proving that a post can divide two people
without splitting their friendship. In the same
way experienced motorists have proved to their
complete satisfaction that Zerolene, a western
oil, will lubricate the modern automobile engine
as well or a little better than any oil they can buy,
although it costs less than eastern lubricants.

The anti-western oil superstition succumbs to experience

Zerolene is successfully lubricating more cars
in the Pacific Coast states than any other oil
made—low and high priced cars alike. The
most advanced refining process is this Com-
pany's patented high-vacuum process, during
the use of which Zerolene is submitted to 15
positive checks for quality. Zerolene's special
filtration through 40 tons of Florida Fuller's
Earth gives you an oil of absolute purity—a
better oil even if it does cost less!

Less carbon—better fuel mileage

Zerolene will increase the power and gaso-
line mileage of your car, reduce carbon ac-
cumulation in the cylinders and lengthen the
working life of the engine.

Why pay tribute to a superstition? Insist
on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports
showing the experience of large users with
Zerolene has been collected in our booklet,

GUARD OFFICERS PREPARING FOR RECORD CROWD AT CAMP

Sacramento.—Adjutant-General Mit-
telstaedt is making preparations to
care for 5,000 troops at the summer
encampments of the guard. Estimates
of the attendance at the various camps
follow:

Del Monte—July 4 to 18, 3,500
troops, representing all infantry units,
signal corps and tank company.

Camp Lewis—July 4 to 18, 500
troops of 143rd field artillery.

Fort Barry, San Francisco, August
1 to 15, 700 troops of the 250th coast
artillery.

Fort MacArthur, San Pedro, August
8 to 22, 300 troops of the 251st coast
artillery.

Griffith Park, Los Angeles, July 4
to 18, 125 troops of the 115th observa-
tion squadron of the 40th air service
division.

Battery B of the 250th coast art-
illery, San Francisco, has been awarded
the badge of excellency for general
efficiency and target practice during
1924. It was the only California or-
ganization so honored by the govern-
ment.

Two members of the state civil ser-
vice commission were deprived of their
positions as the result of an error by
the governor in signing bill A. B. 613,
which originally provided for dis-
pensing with the positions of Cecilia
Chamberlin of Greenville and John
Galvin of Richmond, state civil ser-
vice commissioners, but was amended
by the legislature to avoid this. Sent
to the governor for his signature,
however, the bill failed to contain the
amendments and was signed. Attor-
ney General Webb expressed the opin-
ion the act became a law when it re-
ceived the gubernatorial signature and
that there is nothing that can be done
about it.

A campaign to enforce the semi-
monthly pay day law is announced by
State Labor Commissioner Mathewson.
Governor Richardson recently signed
a bill that provides an additional civil
penalty of \$10 for each failure to pay
each employee semi-monthly, as pro-
vided in the act, such penalty to be
collected through civil action by the
labor commissioner. No agreements
between workers and the employer to
pay less frequently than the law re-
quires will be recognized by the
bureau.
